WHY A DEGREE?

The U.S. Bureau of Labor Statistics data show, on average, the greater a person's education, the more likely that person is to earn more and be unemployed less.

Unemployment rates and earnings by educational attainment, 2020

EXCEPTIONAL VALUE

In-state tuition for all students in approved online programs

TOP QUALITY

Online programs are offered by the academic colleges and schools on the Fayetteville campus, not outsourced.
BECOME A RAZORBACK
NO MATTER WHERE YOU LIVE

Online students at the University of Arkansas receive the same high-quality education and many of the services provided to students who walk across the Fayetteville campus every day. Although classes, tutoring and library support are delivered in a different way, the educational quality remains high. The same academic colleges and schools that develop face-to-face programs and courses on campus develop those offered in online and blended formats (a mixture of face-to-face and online).

Diplomas, certificates and transcripts earned by online students are identical to those earned by on-campus students. When you earn your degree, you can participate in commencement exercises and have your name etched in Senior Walk, a series of campus sidewalks that show the names of more than 180,000 U of A graduates.

The University of Arkansas, established in 1871, is accredited by the Higher Learning Commission. The Carnegie Foundation for the Advancement of Teaching classifies the U of A among the 2 percent of universities nationwide with the highest research activity, and it is the only university in Arkansas with such a classification.

Earn a prestigious degree at an exceptional value from the University of Arkansas.
COMMITTED TO YOUR SUCCESS
