Nursing Degree Programs Online

RN TO BACHELOR OF SCIENCE IN NURSING

MASTER OF SCIENCE IN NURSING

DOCTOR OF NURSING PRACTICE

online.uark.edu/nurse
Welcome to the Eleanor Mann School of Nursing

“Welcome! We are excited that you are interested in advancing your nursing education through the Eleanor Mann School of Nursing (EMSON) at the University of Arkansas.

Whether you want to earn your bachelor’s degree or an advanced graduate degree, we have flexible online nursing programs that will fit into your busy work and life schedules.

Our bachelor’s degree-completion program will help you advance your career and maintain professional mobility. It will complement your valuable practice experience and take you to the next level by strengthening your analytical and clinical reasoning skills. Coursework will prepare you for a broader scope of practice and help you establish an academic foundation for graduate and/or doctoral studies.

Our master’s and doctoral programs are designed to prepare you for the challenges of education and practice with the knowledge and skills to apply research while promoting evidence-based practices. The online format will afford you the opportunity to fit learning into your work schedule, while giving you the opportunity to engage with other graduate students who have diverse educational and experiential backgrounds. Our programs are developed with attention to industry and professional standards—making sure you can meet the challenging demands of careers in nursing education or advanced nursing practice.

We encourage you to explore our website and learn more about the nursing opportunities here at EMSON, and we welcome your phone calls and e-mails to gather specific information that will help you make this important decision. Our students are important to us—and to the nation—as upon graduation you will be our colleagues and the change agents of nursing.

Come join us for the next steps in your nursing future!

Julie Hoff, PhD, MPH, RN
Director, Associate Professor
Eleanor Mann School of Nursing

Our mission is to promote the health of society through education of professional nurses, research and service.”
We offer 3 online programs

**RN to BSN**
RN to Bachelor of Science in Nursing

The online RN to BSN program offers a research base for nursing practice that promotes the ability of the nurse to effect changes necessary for the improvement of health.

In the study of professional nursing, the student builds on a planned general education for the academic disciplines and acquires theoretical and specific knowledge to meet health-care needs.

In addition, the curriculum provides opportunity for students with technical nursing education to expand their knowledge and scope of practice.

The baccalaureate program establishes a foundation for graduate education in nursing and for continued personal and professional development.

**MSN**
Master of Science in Nursing

The online Master of Science in Nursing (MSN) program offers two concentrations: Nurse Educator or Nurse Executive Leader. The program prepares graduates to assume teaching roles to develop the next generation of nurses and prepares nurses to take on advanced leadership roles in health care, influencing patient outcomes and leading nursing care for future generations.

**DNP**
Doctor of Nursing Practice

The online Doctor of Nursing Practice (DNP) is a practice-focused doctorate for registered nurses who desire a terminal degree with a Family Nurse Practitioner (FNP) or Adult-Geriatric Acute Care Nurse Practitioner (AGACNP) clinical focus.

The DNP prepares advanced practice nurses to function as experts and leaders in increasingly complex health-care settings. There are two levels of entry for the practice doctorate: post-BSN and post-MSN.

The Eleanor Mann School of Nursing offers both undergraduate and graduate nursing programs. By graduation, many students receive several offers. One hundred percent of our graduates find meaningful employment within a year of graduation.

NURS 3752  Professional Role Implementation III: Caregiver
NURS 4154  Nursing Concepts: Child and Family
NURS 4164  Professional Role Implementation IV: Caregiver
NURS 4262  Nursing Concepts: Adult Health II
NURS 4442  Nursing Concepts: Critical Care
NURS 4452  Professional Role Implementation VI: Role Synthesis

Total Credit Hours  37
Total Hours for Degree Completion  120

RN to BSN Program Cost Estimate

University of Arkansas application fee  $40
Eleanor Mann School of Nursing application fee  $45
Undergraduate online tuition rate $283.85/credit hour x 29 =  $8,231.65
Off-Campus fees $30/credit hour x 29 =  $870
Library fee $2.70/credit hour x 29 =  $78.30
Network and data systems fee $10.48/credit hour x 29 = $303.92
Practicum course fee $145/credit x 2 (applies to NURS 4722 only) = $290
Professional Liability Insurance for NURS 4722 (one-time fee) = $14.50
Estimated cost of course materials and textbooks  $950
Graduation fees  $75

Estimated total cost at program completion  $10,898.37

Note: The above cost estimate calculation is based on existing policies and fall 2016 fees associated with the University of Arkansas, the University of Arkansas Global Campus, the College of Education and Health Professions, and the Eleanor Mann School of Nursing. Calculations are based on full-time, continuous enrollment over three semesters and do not include costs associated with the purchase or maintenance of technology requirements (e.g., personal computer or internet services). Costs variations are based on term of enrollment, duration of program enrollment, course variations, and program modifications.

Tuition and fee information is updated on the website of the university treasurer's office at treasurernet.uark.edu
Academic Semester Plans
Students discuss academic plans as they enter and continue through the RN-BSN program. Individualized programs of study are designed to provide flexible schedules for each student. Academic plans range from 12–24 months.

HOW TO APPLY for the RN to BSN Program

Step 1:
• Apply at application.uark.edu
• Submit official transcripts from all institutions attended to the Registrar’s Office, 141 Uptown East, Fayetteville, AR 72701

Step 2:
• Complete the EMSON RN to BSN Online Program Application: forms.coehp.uark.edu
• Supporting documents (see below) should be submitted electronically to the department’s email at onlineRN@uark.edu.
  Alternatively, documents can be faxed to 479-575-5133 or mailed to:
  Attention: RN to BSN Program
  606 N. Razorback Road
  Fayetteville, AR 72701

Supporting application documents:
• RNs with 12 months or more of work experience should submit a work verification letter from an employer documenting a minimum of 1,000 RN practice hours within the past 12 to 24 months or documentation of completion of a state board of nursing approved RN-refresher course.
• Recent nursing graduates (within 0 to 12 months of graduation) from an accredited school of nursing should provide
  ☑ A letter from current school stating the student is in academic good standing.
  ☑ Additional letter from prospective employer to include position title, estimated hours of employment per week, and population served.

Program Application Deadlines
Fall Admission: July 1  |  Spring Admission: November 1
The Eleanor Mann School of Nursing Master of Science in Nursing (MSN) program expands and prepares students to become nurse educators or nurse executive leaders. Program objectives focus on the roles of expert clinician, consultant, educator, leader and researcher.

The skills necessary for lifelong learning—including self-assessment, goal setting, active learning and evidence-based practice—are integrated throughout the curriculum. Graduates are prepared to function independently or in a collaborative role on an interdisciplinary team as change agents to affect nursing practice.

The thesis or research project allows students to contribute to new knowledge in nursing through original research, replication studies, dissemination efforts and utilization projects.

The capstone experience, a written comprehensive exam, provides students the opportunity to demonstrate the ability to synthesize knowledge from the core areas and communicate their ideas effectively.

Upon completion of the MSN program, graduates will be able to:

• Promote evidence-based practice through problem identification and the critique of research findings.
• Collaborate in policy development, resource management and cost-effective care delivery.
• Apply legal and ethical principles to promote a values-based professional practice.
• Affect health-care outcomes through advanced roles of clinician, teacher, leader, researcher and consultant.
• Utilize theories from nursing and other disciplines for decision-making.
• Advocate for access to quality health care for diverse populations.
• Collaborate with other disciplines to design, deliver and evaluate health-care services for diverse populations.
• Provide executive, educational and clinical leadership in a variety of health care and academic settings.
Two areas of concentration

- Nurse Educator
- Nurse Executive Leader

Graduate Nursing Core

NURS 5043  Concepts of Health Promotion within Diverse Populations
NURS 5053  Evidence-Based Practice and Innovation in Nursing
NURS 5063  Health Care Policy
NURS 5523  Healthcare Informatics

Graduate Nursing Research Core

NURS 5401  Scholarly Writing
Graduate-Level Statistics Course (3 hours)

Educator Concentration Core*

NURS 5303  Foundations of Nursing Education
NURS 5313  Curriculum and Evaluation
NURS 5323  Teaching Practicum (135 contact hours)
NURS 5343  Specialty Development I (135 contact hours)
NURS 5353  Specialty Development II (135 contact hours)
NURS 579V  Independent Study (completion and dissemination)

Executive Leadership Concentration Core*

HRWD 5233  HRWD Employment, Legal and Ethical Issues
MBAD 5241  Ethical Decision Making
NURS 5413  Executive Leadership in Nursing
NURS 5423  Health Systems Operations
NURS 6233  Healthcare Economics and Finance

Leadership Clinical Core

NURS 5553  Specialty Development I: Nurse Executive Leader

All candidates for the Master of Science in Nursing must successfully complete a comprehensive written exam.

* Courses or number of credit hours required for degree are subject to change
Admission Requirements for the MSN Program

- Admission to the University of Arkansas Graduate School
- Submission of GRE scores
- Completion of the Eleanor Mann School of Nursing application
- Completion of a baccalaureate degree in nursing from an NLNAC- or CCNE-accredited program
- Current unencumbered licensure to practice as a registered nurse
- Completion of a basic health assessment course (academic or continuing education)
- Completion of a basic-level statistics course with a grade of “C” or above
- Basic computer and library skills including the use of electronic databases
- Qualified applicants will be admitted on a space-available basis.

The master’s degree program at the University of Arkansas is accredited by the Commission on Collegiate Nursing Education
One Dupont Circle NW, Suite 530
Washington, DC 20036

The Commission on Collegiate Nursing Education granted continuation of accreditation for the Master of Science in Nursing degree program effective Sept. 28, 2011, for a term of 10 years, extending to June 30, 2022.

Online MSN Program Cost Estimate

University of Arkansas application fee $40
Graduate online tuition rate $409.94/credit hour x 39 (non-thesis option) = $15,987.66 or x 42 (thesis option) = $17,217.48
Off-campus fees $30/credit hour x 39 (non-thesis option) = $1,170 or x 42 (thesis option) = $1,260
Library fee $2.70/credit hour x 39 = $105.30 or x 42 (thesis option) = $113.40
Network and data systems fee $10.48/credit hour x 39 = $408.72 or x 42 (thesis option) = $440.16
Graduate Nursing Application $45
Professional Liability Insurance $55/year
Typhon fee $80
Graduation fee $85

Estimated total cost at program completion (non-thesis option) $18,031.68 or $19,391.04 (thesis option)

Note: The above cost estimate calculation is based on existing policies and fall 2016 rates. Tuition and fee information is updated on the website of the U of A treasurer’s office at treasurer.net.uark.edu.

HOW TO APPLY for the MSN Program

1. Apply online: application.uark.edu and send official transcripts to the Office of Graduate Admissions, 213 Ozark Hall, 340 N. Campus Dr., Fayetteville, AR 72701
2. Complete the School of Nursing application for the MSN at: forms.coehp.uark.edu
3. Enter University of Arkansas school code 6866 at the ETS site for the GRE
4. EMSON will set up a campus or Skype interview with qualified applicants once both applications have been received

Program Application Deadline: Fall Admission: March 1
The Doctor of Nursing Practice provides a terminal degree for nurses who will assume leadership roles as practitioners or specialists in the field of nursing.

**Two entry levels:**

1. Post-completion of a baccalaureate degree in nursing and licensure as a registered nurse (RN), or
2. Post-completion of a master’s degree in nursing that has resulted in national certification as an advanced practice nurse (nurse practitioner, clinical nurse specialist, nurse midwife or nurse anesthetist).

The online program is built upon the standards set forth by the American Association of Colleges of Nursing’s Essentials of Doctoral Education for Advanced Nursing Practice (2009) and incorporates specialty standards of the Acute Care Nurse Practitioner Competencies (2009). As such, students completing the BSN to DNP program of study will be eligible to sit for either the adult/geriatric ACNP certification examination or the family nurse FNP certification exam offered by the American Nurses Credentialing Center (ANCC).

Students in both entry levels must complete a capstone project and 1,035 clinical hours while enrolled in the graduate program. Current advanced practice nurses who enter the program as a post-master’s student must complete clinical hours to supplement clinical hours taken in their master’s program. A variety of distance learning methods will be used to expedite clinical requirements. However, the student should anticipate up to four visits to the main campus during their program of study.

**Upon completion of the DNP program, graduates will be able to:**

- Evaluate and utilize advanced knowledge and theories from nursing and related disciplines to solve complex health issues for individuals, aggregates, populations and systems.
- Design, implement and evaluate strategies that promote and sustain quality improvement at the organizational and policy levels.
- Provide leadership in the transformation of health care through interprofessional collaboration, application of technology and policy development.
- Incorporate evidence-based clinical prevention and health services for individuals, aggregates and populations.
- Demonstrate clinical expertise, systems thinking and accountability in designing, delivering and evaluating evidence-based care to improve patient outcomes.
Two areas of concentration
- Adult-Geriatric Acute Care Nurse Practitioner
- Family Nurse Practitioner

Primary areas of faculty research
Research areas include cardiopulmonary physiology; placement, recruitment and retention of advanced practice nurses; attrition and retention of nursing students; nurse educator leadership; professional development; older adults and medication adherence; health literacy; health disparities; pain; evidence-based practice; and health care policy.

Our DNP program is fully accredited and offers a unique, mostly online opportunity for students to receive advanced practice education with a doctoral outcome. Our DNP graduates are prepared to assume leadership roles in the transitional health care arena and develop evidence-based solutions to quality issues affecting health outcomes."

Debbie Shirey, DNP, APRN, FNP-BC
Coordinator, Family Nurse Practitioner Program
Admission Requirements for the DNP Program

Post-BSN to DNP and Post-MSN to DNP
- Admission to the University of Arkansas Graduate School
- Submission of GRE scores
- Admission to the Doctor of Nursing Practice degree program
- Completion of a baccalaureate in nursing from an NLNAC- or CCNE-accredited program
- Current unencumbered license to practice as a registered nurse
- Completion of a basic health assessment course (academic or continuing education)
- Completion of a basic-level statistics course with a grade of “C” or above
- Basic computer and library skills including use of electronic databases

Post-MSN to DNP Additional Requirements
- Graduation from an NLNAC- or CCNE-accredited MSN program
- APN licensure – if required by student’s state of residence
- Certification as an APN
- Graduate-level health-policy course with grade of “B” or above

Campus Visit Requirement
Students can expect to come to campus periodically throughout the program, anywhere from one to four times a year.

Online DNP Program Cost Estimate
University of Arkansas application fee $40
Graduate online tuition rate $409.94/credit hour
Off-campus fees $30/credit hour
Library fee $2.70/credit hour
Network and data systems fee $10.48/credit hour
Graduate Nursing Application $45
Professional Liability Insurance $55/year
Typhon fee $80
Graduation fee $95

Note: The above cost estimate calculation is based on existing policies and fall 2016 rates. Tuition and fee information is updated on the website of the U of A treasurer’s office at treasurernet.uark.edu.

HOW TO APPLY for the DNP Program

1. Apply to the University of Arkansas Graduate School: application.uark.edu and send official transcripts to the
2. Office of Graduate Admissions: 213 Ozark Hall, 340 N. Campus Dr., Fayetteville, AR 72701
3. Complete the DNP application: forms.coehp.uark.edu
4. Enter University of Arkansas school code 6866 at the ETS site for the GRE
5. EMSON will set up a campus or Skype interview with qualified applicants once both applications have been received.

Program Application Deadline | Fall Admission: March 1
The University of Arkansas is committed to your success. If you have questions about any of the university’s online programs, please email me at rebels@uark.edu. I look forward to discussing your options with you.”
